Subject: Complete Notice of Intention to Commence Small Mining Operations and Approval of Reclamation Surety and Reclamation Contract, W. W. Clyde/Obayashi, Myrin Ranch Pit, S/013/010, Duchesne County, Utah

Dear Mr. Prothero:

On May 26, 2005, the Director of the Division of Oil, Gas and Mining signed the reclamation contract for the Myrin Ranch Pit, file number S/013/010. You now have final approval to begin mining operations as outlined in your notice of intention and in our conditional acceptance letter issued March 15, 2005.

You are required to salvage soil at this site and to seed when you have finished mining and regrading, but the Division has approved your request for a variance from the requirement to establish vegetation.

We recommend the following procedures relating to soil salvage and reclamation:

1. You should salvage at least six, and preferably twelve, inches of soil. This soil should be set aside so it will not be used as product or as backfill material. It should be seeded with an interim vegetation cover, such as a winter grain.
2. When you have completed mining operations, replace the soil then roughen the surface. Cleat marks from tracked equipment are not generally adequate. Ideally, the area should be gouged with a trackhoe, and the resulting surface looks similar to a mogul-covered ski slope.
3. Apply seed immediately after surface preparation. Seeding needs to be done in the fall, about October or November. The Division would be glad to recommend a seed mixture.

Mr. Clark Prothero
S/013/010
May 31, 2005

We were notified by the Division of State History that no historic properties should be affected by your operation. If during your mining operation you discover cultural resources, you are asked to immediately cease operations and notify the Division of State History and the Division of Oil, Gas and Mining.

The Division requests that you mark the proposed/actual disturbed area boundary (including access/haul roads) in the field with metal T-Posts (or other suitable, fixed markers) to assure that operations do not exceed the five acre limitation of this permit. Markers should be appropriately spaced so that the next marker in either direction is clearly visible.

The acceptance of this notice and surety is for a small mining operation only, **not to exceed 5 acres**. You are not authorized to disturb more than 5 acres without first amending your notice, adjusting the bond amount and receiving written acceptance from this office. If you wish to expand to a large mine status, approval typically takes up to six to twelve months or longer. Please allow the appropriate lead time to complete the permitting.

For your reference, I have enclosed copies of our summarized rules regarding "Operation and Reclamation Practices," and the statutory penalty for failure to reclaim a minesite (SMO-summary). (The mining rules in their entirety can be obtained at <http://www.rules.utah.gov/>.)

If you have questions or concerns regarding this letter, please contact me at (801) 538-5258 or Paul Baker at 538-5261. Best wishes with your new mining venture.

Sincerely,

Susan M. White

This Reclamation Contract (hereinafter referred to as "Contract") is entered into between W.W. Clyde/Obayashi, JV the "Operator" and the Utah State Division of Oil, Gas and Mining ("Division").

WHEREAS, Operator desires to conduct mining operations under Notice of Intention (NOI) File No. S/013/010 which has been approved/accepted by the Utah State Division of Oil, Gas and Mining under the Utah Mined Land Reclamation Act, Sections 40-8-1 et seq., Utah Code Annotated, (1953, as amended) (hereinafter referred to as "Act") and implementing rules; and

WHEREAS, Operator is obligated to reclaim that area described as the Disturbed Area as set forth and in accordance with Operator's approved/accepted Reclamation Plan or Notice, and Operator is obligated to provide surety in form and amount approved by the Division, to assure reclamation of the Disturbed Area.

NOW, THEREFORE, the Division and the Operator agree as follows:

Copy

1. Operator agrees to conduct reclamation of the Disturbed Area in accordance with the Act and implementing regulations, the Reclamation Plan and/or Notice of Intention approved/accepted by the Division on March 15, 2005. The Reclamation Plan and/or Notice of Intention, as amended, are incorporated by this reference and made a part hereof.
2. Concurrent with the execution hereof, Operator has provided surety to assure that reclamation is conducted, in form and amount acceptable to the Division. Such surety as evidenced by the Surety Contract is in the form of the surety attached hereto as Attachment B and made a part hereof. The Surety Contract shall remain in full force and effect according to its terms unless modified by the Division in writing. If the Surety Contract expressly provides for cancellation, then, within 60 days following the Division's receipt of notice that the Surety Company intends to cancel the Surety Contract, the Operator shall provide a replacement Surety Contract in a form and amount reasonably acceptable to the Division. If the Operator fails to provide an acceptable replacement Surety Contract, the Division may order the Operator to cease further mining activities and to begin immediate reclamation of the Disturbed Area.
3. Operator agrees to pay legally determined public liability and property damage claims resulting from mining to the extent provided in Section 40-8-7(1)(e) of the Act.
4. Operator agrees to perform all duties and fulfill all reclamation requirements applicable to the mine as required by the Act and implementing rules, the Notice of Intention, as amended and the Reclamation Plan, as amended.
5. The Operator's liability under this Contract shall continue in full force and effect until the Division certifies that the Operator has reclaimed the Disturbed Area in accordance with the Act and implementing rules, the Notice of Intention, as amended and the Reclamation Plan, as amended.
6. If reclamation of discrete sections of the Disturbed Area is completed to the satisfaction of the Division, and the Division finds that such sections are severable from the remainder of the Disturbed Area, Operator may request the Division to certify that Operator has reclaimed such discrete sections of the Disturbed Area in accordance with the Act and Implementing rules, the Notice of Intention, as amended and the Reclamation Plan, as amended. If the Division makes such certification, Operator may make request to the Division that the aggregate face amount of the Surety Contract provided pursuant to paragraph 2 be reduced to an amount necessary to provide for completion of the remaining reclamation. The Division shall hear Operator's request for

such reduction in accordance with the Board's Procedural Rules concerning requests for Agency Action.

7. Operator agrees to indemnify and hold harmless the State, Board and the Division from any claim, demand, liability, cost, charge, suit, or obligation of whatsoever nature arising from the failure of Operator or Operator's agents and employees, or contractors to comply with this Contract.
8. Operator may, at any time, submit a request to the Division to substitute surety. The Division may approve such substitution if the substitute surety meets the requirements of the Act and the implementing rules.
9. This Contract shall be governed and construed in accordance with the laws of the State of Utah.
10. If Operator shall default in the performance of its obligations hereunder, Operator agrees to pay all costs and expenses, including reasonable attorney's fees and costs incurred by the Division and/or the Board in the enforcement of this Contract.
11. Any breach that the Division finds to be material of the provisions of this Contract by Operator may, at the discretion of the Division, result in an order to cease mining operations. Principal has estimated in the Mining and Reclamation Plan or Notice approved /accepted by the Division on the 15th day of March, 2005, that 5 acres of land will be disturbed by mining operation in the State of Utah.

Described as: A portion of the N 1/2, of the NW 1/4, of the NE 1/4, and of the NE 1/4 of Section 32, Township 2 South, Range 3 West, USM and a portion of the S 1/2, of the SW 1/4, of the SE 1/4, and of the SE 1/4 of Section 29, Township 2 South, Range 3 West, USM

If the Mining and Reclamation Plan or Notice provides for periodic partial reclamation of the disturbed lands, and if the lands are reclaimed in accordance with such Plan or Notice, Act and regulations, then Principal may apply for a reduction in the amount of this Surety Bond.

This bond may be canceled by Surety after ninety (90) days following receipt by the Division and Principal of written notice of such cancellation. IMPORTANT DISCLOSURE NOTICE OF TERRORISM INSURANCE COVERAGE

On November 26, 2002, President Bush signed into law the Terrorism Risk Insurance Act of 2002 (the "Act"). The Act establishes a short-term program under which the Federal Government will share in the payment of covered losses caused by certain acts of international terrorism. We are providing you with this notice to inform you of the key features of the Act, and to let you know what effect, if any, the Act will have on your premium.

Under the Act, insurers are required to provide coverage for certain losses caused by international acts of terrorism as defined in the Act. The Act further provides that the Federal Government will pay a share of such losses. Specifically, the Federal Government will pay 90% of the amount of covered losses caused by certain acts of terrorism which is in excess of Travelers' statutorily established deductible for that year. The Act also caps the amount of terrorism-related losses for which the Federal Government or an insurer can be responsible at \$100,000,000,000.00, provided that the insurer has met its deductible.

Please note that passage of the Act does not result in any change in coverage under the attached policy or bond (or the policy or bond being quoted). Please also note that no separate additional premium charge has been made for the terrorism coverage required by the Act. The premium charge that is allocable to such coverage is inseparable from and imbedded in your overall premium, and is no more than one percent of your premium.
